FUNDING FOR CAMS

Several opportunities are available to help cover the cost of becoming a CAM and maintaining your credential.

- **Certified Aviation Manager Scholarship** – Funds for the application, study guide and exam registration fee for qualified candidates. For current CAMs, covers the cost of recertification.

- **Donald A. Baldwin Sr. Business Aviation Management Scholarship** – Funds for the application, study guide and exam registration fee for qualified candidates.

- **Jake Cartwright Leadership Scholarship** – Funds for the application, study guide and exam registration for qualified candidates, as well as registration for the 2017 NBAA Business Aviation Convention & Exhibition (NBAA-BACE).

- **VA Benefits** – The CAM program has been approved for VA benefits. Veterans can apply for reimbursement of the CAM exam registration fee through the Veterans Benefits Administration. Learn more at www.benefits.va.gov/gibill.

Thinking about management? Become a CAM.

---

“It definitely helped me get my current position. I’d been a captain for many years, and I’d earned my MBA recently, but the CAM did factor in. It helped put my resume at the top of the pile.”

-David Thatcher, CAM

Director of Aviation, Glazer’s
STEP UP TO A LEADERSHIP ROLE

The Certified Aviation Manager (CAM) program identifies qualified professionals to lead departments and organizations that use business aircraft. To date, over 350 CAMs have been recognized for their dedication to continuous development and higher standards of practice.

The accredited certification process tests your knowledge and experience in five subject areas:
- Leadership
- Human Resources
- Operations
- Aircraft Maintenance and Facilities Operations
- Business Management

An industry job analysis performed in 2015 ensures that the program continues to test potential CAMs on the critical knowledge, skills and abilities demanded of the modern aviation manager. As a result, these men and women are committed to excellence and prepared to lead.

HOW CAM WORKS FOR YOU

Who is interested in your CAM credential?

- Employers
- Passengers
- Crew members
- Peers
- Business leaders

As a CAM, you can prove that you have met the industry standard and that you have the potential to be a successful business aviation manager.

Additional benefits of becoming a CAM:

- Industry-recognized title that earns you a seat at the table of business aviation leaders
- A tool to help current managers begin a succession program to identify future leaders
- Added motivation to continue your professional development and stay at the top of the industry
- Access to a network of industry professionals to help you succeed

Certification is an objective, third-party review of standards designed to protect the interests of all stakeholders in business aviation management. It demonstrates that you are prepared to move into a position within an aviation department as a result of extensive study and preparation.

Earn your CAM credential and distinguish yourself from the rest.

CAM is accredited by the National Commission for Certifying Agencies (NCCA). Accreditation by the NCCA demonstrates to the business aviation profession and the general public that the CAM program has been reviewed by a panel of impartial experts and found to comply with the rigorous NCCA standards. The CAM program is the first in the aviation industry to receive this credential.

NEXT STEPS

Those interested in becoming CAMs must meet certain qualifications in order to take the exam. The exam is appropriate for any individual currently managing, or aspiring to manage, any aspect of business aviation operations.

Prepare for the Exam

- Take NBAA Professional Development Program (PDP) courses
- Participate in industry events, training classes and study groups
- Review the CAM Study Guide, now updated with new questions and a digital version accessible via any computer, mobile device or tablet

Apply for the Exam

- Find the application at www.nbaa.org/cam
- Have at least two years of industry experience
- Have a minimum of 100 points in the CAM application

Take the Exam

- Find your nearest computer-based testing center at www.isoqualitytesting.com
- Contact NBAA to schedule the exam
